If you haven't yet seen the frightening clip on YouTube, and if you have a penchant for the truly scary – then this is a film you really must see.

Katie and Micah are a young couple who have just moved into their new home. Katie believes that malevolent spirits have been following her since childhood; Micah is sceptical. After several nights of loud noises and strange happenings in their home, however, Micah starts to believe her. He sets up a number of video cameras hoping to capture the spirits on film. But then the couple go further by bringing in an Ouija board – and the spirits aren't happy ... The result is a brilliant and chilling mockumentary that you won't be able to forget in a hurry.
