

## A Little Bit Of Heaven

Kate Hudson stars in this strange “comedy” about a single career girl who finds out she’s dying from cancer and discovers the existence of God (played by Whoopi Goldberg) before falling in love with a handsome doctor. Despite a strong supporting cast, A Little Bit Of Heaven is a disappointing, badly written and poorly conceived film that fails as both a romcom and a sentimental blubfest. A Little Bit Of Hell might be a more suitable title.
