

Fast Five

Thursday, 25 August 2011 13:33

The fifth instalment of the fastest franchise in Hollywood roars back onto the silver screen, picking up right where Furious Four left off. As with its predecessors, the dialogue is cheesy and the acting is, well, let's just say it's not quite Oscar-winning material. However, the film delivers the goods where they count the most – car chases that will keep you on the edge of your seat. Don't miss it – this is the biggest, best and most furious Fast of them all.
