

Stone Cold Steve Austin is the latest in a long line of ex-professional wrestlers to make the leap into action movies and, like those that have gone before him, he has done so with varying levels of success

In Tactical Force, a training exercise for the LAPD SWAT team goes horribly wrong when they find themselves in the midst of a furious firefight armed with nothing more than blanks. This isn't a great movie by any means, but it isn't bad either – action fans will enjoy it.
