

Band of brothers

Name: Clarence and Percy

Age: Five years

Sex: Male

Breed: Domestic shorthair

History: Clarence and Percy, five-year-old brothers, have been fondly cared for by Feline Friends but they are now looking for a permanent loving home.

Personality: Clarence and Percy are incredibly docile and affectionate.

White-faced Clarence is the more timid of the two while Percy (black face) is more curious and likes to try and “help” with whatever you are doing – he especially likes to do the washing up!

They are both chipped but have only ever lived indoors so their inoculations are not up to date. They are used to living in a small space with no children, though Feline Friends thinks the pair would be very child-friendly.

All Feline Friends cats are neutered, vaccinated and are micro-chipped. If you can offer Clarence and Percy a home, contact Feline Friends on 050 823 1569 or email info@felinefriendsuae.com
