

**Name:** Amira

**Age:** One-year old

**Gender:** Female

**Breed:** Persian mix

**History:** Amira was frail and thin when Feline Friends found her on the streets. She had also lost some hair on her head but since being picked up, it's growing back and she's as healthy as she's been in a long, long time.

**Personality:** This playful and mysterious feline is really a lovely little girl at heart. She gets on well with other cats and instantly takes a liking to strangers. She loves to play with cat toys, and loves to sun herself. Her gorgeous, long, silky coat and her purr are a real delight too. The more attention you give her the more her purr rises in both volume and pitch until it becomes extremely loud. But that can be forgiven – she's so cute!

All Feline Friends cats are neutered, vaccinated and micro-chipped. If you can offer Amira a loving home, contact Feline Friends on 050 823 1569 or email [info@felinefriendsuae.com](mailto:info@felinefriendsuae.com)
