

**Name:** Friendly

**Sex:** female

**Age:** 12 months

**Breed:** Arabian Mau

**History:** The adorable Friendly was found aimlessly wandering the streets of Abu Dhabi. Too cute to pass up, she was taken in by a loving stranger and has been in the warm arms of her foster mum for about five months now.

**Personality:** Friendly is a beautiful cat with a light silver tabby-like coat, with bands of gold and tan, not to mention the most gorgeous pale green eyes. She's more of an indoor cat, choosing to explore the house and nap under the furniture. She's very sweet and affectionate and loves to play. She also loves a good tummy rub from time to time. She would be at her happiest in a lovely new home though, even better with another cat friend, but she'll do fine on her own too.

Friendly has been fully vaccinated and spayed by Feline Friends. Think you can offer her a permanent home? Then contact Feline Friends on **050 823 1569** or email [info@felinefriendsuae.com](mailto:info@felinefriendsuae.com)
