

**Name:** Donught

**Age:** Four

**Sex:** Female

**Breed:** Crossbreed

**History:** We rescued Donught in Spain four years ago and she has been a much beloved family pet. A change in circumstance means we have to find a new home for her.

**Personality:** Donught is friendly but a little timid. She's very gentle, is great with kids and other animals and is a good house dog as well. She walks well on a lead, is healthy, spaid and micro chipped.
